## Mailing Labels Indicate Membership Status

The Historical Society is only as strong as the commitment of its members. We need your support if we are to continue sponsoring programs and projects of historical interest here on the west coast. One issue of this newsletter, for example, requires the support of twenty-five family memberships.

Some individuals have commented that the Society does not have an adequate mechanism by which to remind members that their membership payments are due. In an effort to correct this problem, we have modified the mailing label on your copy of the *Bulletin* to indicate the expiration

date of your membership. On the top line of the label you should see either a code such as "Apr88" or a series of dashes: "----". The first code indicates the month and year that your membership expires. In the example above, the membership expires in April of 1988. If, on the other hand, you see only a set of dashes, this means you are not currently a member of the Society.

The Historical Society has sponsored many exciting activities through the years. Please become a member today and help contribute to the cause of West Coast Mennonite historical studies in the future.
